PROFILE SUMMARY

MBA graduate (Product Management & Business Analytics) with 3+ years of cross-functional engineering experience, transitioning into Product Management. PM internship at Paytm and strategy consulting at Navneet Toptech. Skilled at translating ambiguous problems into actionable roadmaps, driving prioritization through data, and collaborating deeply with engineering teams.

PRODUCT EXPERIENCE

Product Management Intern

Aug 2025 – Sep 2025

Paytm

- Conducted **competitive analysis** across **8 payment gateways (50+ merchant surveys)** to identify feature gaps and inform **product roadmap** prioritization for the payments vertical.
- Authored a **PRD** and built a centralized **product portfolio website** for business leaders and product teams, reducing time-to-insight for **go-to-market planning** and strategic decision-making.

Product Strategy — Live Project

Nov 2025 – Jan 2026

Navneet Toptech

- Redesigned the **user activation funnel** for SmartDigibook with a **QR-first onboarding** flow, projecting **15–18% lift** in activation rates through **funnel optimization** and **A/B testing**.

TECHNICAL & CROSS-FUNCTIONAL EXPERIENCE

Senior Software Engineer

Jul 2024 – May 2025

Mphasis Ltd., Bangalore

- Led **application validation** for a mainframe-to-cloud migration (**Fortune 50 Logistics client**), defined **acceptance criteria** and aligned product, engineering, QA, and architecture teams, reducing downtime risk by **40%**.
- Translated ambiguous business requirements into structured **user stories** and sprint-ready **validation frameworks** for cross-functional stakeholder alignment.
- Prioritized **defect backlogs** using **data analytics** on ETL pipeline failures, improving data accuracy by **25%** and accelerating critical reporting features.

Software Engineer

Jun 2022 – Jun 2024

Mphasis Ltd., Bangalore

- Co-developed a **resource allocation platform (2,000+ users)**; gathered **stakeholder requirements**, defined user flows, and partnered with design and engineering to build scalable workflows.
- Improved **defect resolution** efficiency by **35%** through structured **quality gates** and **sprint retrospectives** across business, product, and QA teams.

PRODUCT SIDE PROJECTS

- AI Security Agent**: Built a **no-code AI agent** (n8n) to translate complex security API data into actionable business insights for non-technical stakeholders, demonstrating **product thinking** and AI workflow orchestration.
- AutoDocs, SOP Generator**: Built a multimodal AI product (Google AI Studio) to automate SOP creation from video inputs, reducing documentation time by **90%**; applied **product development lifecycle** and prompt engineering.

EDUCATION

Great Lakes Institute of Management

May 2025 – Apr 2026

PGPM — Product Management & Business Analytics

Manipal Institute of Technology

Aug 2018 – Mar 2023

B.Tech, Information Technology | Minor: Digital Marketing

CORE COMPETENCIES

Product: Roadmapping, PRDs, User Stories, Discovery & Research, A/B Testing, OKRs & KPIs, Go-to-Market, Prioritization, Backlog Management, Stakeholder Management

Technical: SQL, AI/ML Product Sense, LLM Integration, Prompt Engineering, API Design, Data Analytics

Tools: Figma, Jira, Notion, Google Analytics, Scrum/Agile, SAFe, AWS

ACHIEVEMENTS & CASE COMPETITIONS

- National Winner, Advitiya, The B Plan Competition, ICAR-NAARM, Hyderabad, 2025
- Runner-up, Fluxathon, DoMS, IIT Madras, 2025
- Semi-Finalist, Case Combats, NMIMS, Mumbai, 2025

CERTIFICATIONS

- Certified SAFe 6 Practitioner (Scaled Agile, 2024)
- AWS Cloud Practitioner Essentials (AWS, 2025)
- Google Analytics Certification (Skillshop, 2025)
